

## LOFT

For lovers of neutral, minimal and contemporary spaces. It is concrete that inspires **Loft, Isla Tiles'** new porcelain stoneware collection which evokes a present-day city mood and an industrial style capable of creating elegant settings, characterised by refined severity and formal cleanliness, yet always homely and adaptable.

**Loft's** concrete effect surfaces, essential and uniform, are slightly textured: they have the charming unevenness of the inspirational material. They match any design trend and make the most of single furnishings, also thanks to the four neutral colours - Fog, Night, Smoke and Sunset -, harmonious grey palette tones.

The square 80x80 and 60x60 cm size enables to design visually striking floors, suitable for all architectural settings, both residential and commercial, such as shops and offices. Moreover, **Loft** offers a 19 mm thick outdoor version, so as to put elegant and strong finishing touches also to outdoor spaces.

**Technology:** full-body porcelain stoneware

**Colours:** Fog | Night | Smoke | Sunset

**Size and finish:** 80x80, 60x60, 60x120 cm rectified

**Thickness:** 9 mm and 19 mm
